**RE: Financial Assurance
Coble's Sandrocks, Inc. Construction and Demolition Debris Landfill
Alamance County, North Carolina
Permit #01-05**

Dear Mr. Chao:

This letter has been prepared by Joyce Engineering, Inc., on behalf of Coble's Sandrocks, Inc., in order to address the financial assurance requirement for existing C&D landfills described in Rule .0547. Coble's Sandrocks has applied for a Permit to Construct Phase 3 of the C&D Landfill and is in the process of obtaining financial assurance in accordance with Rule .0546 and the Permit Application. The financial assurance will cover both the existing and newly permitted cells. The 45-day public notice period began on June 22, 2008, so Coble's Sandrocks anticipates the issuance of a new permit in the near future. Since the financial assurance mechanism being prepared for the new permit covers the existing landfill cells as well as the new cells, Coble's Sandrocks does not intend to submit a separate financial assurance mechanism for the existing landfill cells prior to July 1, 2008.

If you have any questions concerning this letter please call me at your convenience.

Sincerely,
JOYCE ENGINEERING, INC.

Stephen Cowie, EIT
Project Consultant
